Summer Math 2026 Rising 2nd Grade

Dear Parents of Rising Second Graders,

Summer is here! We hope your child will enjoy a less-structured routine during the hot months. We know your child has worked very hard this past year and learned many new concepts that have strengthened his or her mathematical foundation. While taking a break from school is important, continuing to engage in learning activities is crucial, too. Please help your child practice these math skills consistently over the summer to ensure retention of concepts taught during the school year. This will help provide a smooth transition to second grade.

This summer math packet includes nine pages, one page for each week of the summer. Each page has five days of review activities for the week, and each day has five boxes in one row to complete. Math skills and concepts will continue to spiral throughout the weeks.

Math Facts tests are also attached to the summer math packet. Your child is required to complete ten Math Fact tests over the summer. The test is to be timed for 2 minutes and 30 seconds. Please record the number of math facts your child completes correctly at the top of the page in the designated spot. We would like for **ALL** students to have a strong understanding of these basic addition and subtraction facts before entering second grade. This will be our starting point when we begin Math Facts tests in the fall.

Please return the completed Summer Math Packet to your child's second grade teacher on the first day of school in August.

Many thanks,

Second Grade Team

DAY 1

QUICK CHECK

$4+4=$ $5+3=$
 $1+6=$ $2+3=$

Complete the number bond.

Write the time shown on the clock.

Complete the fact family
4, 5, 9

DAY 2

QUICK CHECK

$3+4=$ $6+2=$
 $2+2=$ $2+5=$

Complete the fact family
2, 8, 10

Write the time shown on the clock.

Complete the number bond.

DAY 3

QUICK CHECK

$4+1=$ $3+3=$
 $0+7=$ $6+4=$

Complete the number bond.

Complete the fact family
3, 4, 7

Write the time shown on the clock.

DAY 4

QUICK CHECK

$5+2=$ $0+5=$
 $7+3=$ $6+3=$

Complete the fact family
5, 3, 8

Write the time shown on the clock.

Complete the number bond.

DAY 5

QUICK CHECK

$5+4=$ $1+9=$
 $3+2=$ $2+8=$

Complete the number bond.

Write the time shown on the clock.

Complete the fact family
2, 5, 7
